

Right Hand Pull shown above

HB 677 LH HB 677 RH

Includes HB 604 Timber Fixing Kit for timber door installation.

HB 677

OFFSET FLUSH PULL

Designed primarily for use with bi-fold doors, the Halliday+Baillie HB 677 Bi-fold Flush Pull is the bigger brother of the HB 675. Like its smaller counterpart the HB 675, it provides an ample lip and generous 0.59" internal depth for when a more substantial grip is required. While designed for larger bi-fold or pivot doors, the HB 677 would just as well suit large sliding or swing doors, case work or can be used horizontally on drawers.

Each Flush Pull is shipped with one set of the HB 604 Timber Fixing kits.

Available in both right and left-handed flush pulls – please specify handing when ordering.

Material : Diecast Zinc and Brass

Dimensions : 250 (9.84") x 46 (1.81") x 17 (0.67")

Internal grip depth : 15 (0.59")

Suitable for timber or aluminum doors.

Available in all standard Halliday+Baillie finishes.

See finishes sheet for further details.
